Waseema

Front-End Developer

About Me

I am a highly motivated and detail-oriented BCA 3rd-year student with a passion for front-end web development. I enjoy building clean and responsive websites using HTML and CSS. Eager to apply my knowledge in real-world projects through internship opportunities and continuously improve my skills to become a full stack developer

Thiruvalluvar University

2023-2026

- *CGPA Above 60%*
- *Currently in 3rd year*

Higher Secondary Education (12th Grade)
Habeeb Matric School , Tamil Nadu.

Year Passed: 2023
- *Above 90%*

💼 Experience

Front-end Developer

Self-Initiated Projects & Online Learning | Remote
2024 – Present

Practicing front-end web development through structured self-learning using online courses and YouTube tutorials.

Proficient in building webpages using HTML and CSS, focusing on responsive design, layout structure, and styling.

Learning and applying JavaScript to add interactivity, such as form validation, dynamic content, and basic animations.

Created an Amazon Clone project that demonstrates layout planning, grid systems, navigation bars, and visual design — hosted on GitHub.

Using Git for version control and GitHub for project hosting and collaboration.

Actively solving front-end practice challenges to sharpen coding logic and improve efficiency.

Continuously improving understanding of semantic HTML, CSS Flexbox/Grid, and DOM manipulation.

Knowledge of JavaScript fundamentals including functions, arrays, loops, and DOM manipulation

Created small projects like form validation and interactive to-do lists to build real-world problem solving skills.   2016- 2017
